

About CREIA

Established in 1976, CREIA is a non-profit 501(c)6 association with twenty chapters located throughout the California. CREIA regularly holds an Annual Conference and other educational programs, advocates for the profession, and offers leadership opportunities to its members. CREIA is the oldest and largest nonprofit state inspector association in the country - and California-specific in education and consumer outreach. CREIA is enhancing consumer protection and promoting public awareness.

The CREIA Board of Directors is representative of the CREIA membership. In addition to the CREIA Board of Directors and chapter leadership opportunities, there are several standing committees and task forces that report to the Board of Directors. We encourage our membership to get involved.

CREIA's Standards of Practice have been recognized by the State of California, and are considered the source for home inspector standard of care by the real estate and legal communities.

CREIA Regions and Chapters

Regional and State Directors represent their local Chapters/Members on the CREIA Board of Directors. Most chapters hold monthly educational meetings and special event programs. Each CREIA member is assigned to a local chapter. All Certified CREIA Inspector (CCI) and Master CREIA Inspector (MCI) members, Associates (formerly Candidates), Affiliates and prospective members/guests are invited to attend local meetings. Chapter meetings are an excellent way to meet and interact with peers, participate in educational programs, and market products and services to those in the inspection industry.
